DEFINITIONS

- 'Close relative' refers to a:
- sibling, step-sibling, parent, step-parent, grandparent, step-grandparent, aunt, uncle, niece or nephew of the person
 - in the case of an Aboriginal person or a Torres Strait Islander, a person who is part of the extended family or kin of the person according to the kinship system of the person's culture.

'Direct contact' is physical or face-to-face contact.

'Industrial organisations' refers to bodies such as the NSW Teachers Federation and Public Service Association of NSW.

RETENTION OF INFORMATION

The department has comprehensive guidelines for the retention of identity when schools request this of contractors, which comply with the Payment Card Industry Data Security Standard (PCI DSS). This policy says, in part, that customer credit/debit card data must never be written down or stored. When credit/debit cards are used for identification purposes, only the front of the card with the cardholder name is copied and the numeric details of the cards obscured. The identification documents must be securely kept by the school for seven years post engagement and then disposed of in a secure manner, such as shredding.
